2. **In performing the services under Paragraph 1 of this Article, the Partner** shall comply with **[Appendix 2] Advertising Partner SLA** and shall actively cooperate with **NAVER**'s advertising-related terms of use, individual media policies, and policies relating to the **Partner**. **[Appendix 2] Advertising Partner SLA** may be amended during the term of this Agreement due to government regulations, changes in **NAVER**'s management policies, and other changes in the market environment, and **NAVER** shall notify the **Partner** fifteen (15) days in advance of any amendment to **[Appendix 2] Advertising Partner SLA**; provided, however, that if such amendment has a material effect on the rights and obligations of the **Partner**, NAVER shall notify the Partner thirty (30) days in advance.

If the **Partner** breaches this Paragraph for reasons attributable to it, and as a result **NAVER** or any **Advertiser** suffers damages or an **Advertiser** raises a claim, the **Partner** shall resolve the matter at its own responsibility and cost.

3. If it is confirmed that the **Partner** has violated any applicable laws and regulations, terms of use, operational policies, advertising-related guides, or matters announced through the **Platform**, **NAVER** may, after notifying the **Partner**, immediately suspend the placement of the relevant **Advertising Materials**.
4. When the grounds for suspension of placement under this Article cease to exist, the **Partner** may request **NAVER** to resume the placement of the relevant **Advertising Materials**.

4. 4. If **NAVER** is unable to place the **Advertising Materials** due to natural disasters or force majeure events equivalent thereto, such as distributed denial-of-service (DDoS) attacks, network failures of internet service providers (ISPs), or failures of the **Advertising Media** itself, **NAVER** shall be released from any liability for damages incurred by the **Partner** as a result thereof.
5. **NAVER** shall not be liable for any errors or failures occurring only in limited environments, such as specific browsers or apps, on the **Advertising Materials** provided by the **Partner** or the **Advertiser**'s website linked to the **Advertising Materials**, and the **Partner** shall be responsible for checking such matters in advance.

1. Commission Rates by Ad Type

가. **NAVER** shall pay the **Partner** as commission an amount calculated by multiplying the "Advertising Fees Subject to Commission Settlement" under Section 2 of this Supplementary Agreement by the commission rate set forth in the following [Table] for each Ad Type.

[Table]

2. Advertising Fees Subject to Commission Settlement

가. The **Advertising Fees** subject to commission settlement shall satisfy all of the following:

1) Limited to advertising fees paid for advertisements run by the **Advertiser** for consideration (excluding VAT; the same shall apply hereinafter), excluding advertising fees for advertisements run using credits or other benefits provided to the **Advertiser** free of charge; and

2) Limited to advertising fees related to **Advertisers** for which the **Partner** holds advertising agency authority; if, during the settlement period, the **Partner** transfers or loses its advertising agency relationship with any **Advertiser**, the **Advertising Fees** subject to commission settlement shall be determined according to the following criteria:

- The **Advertising Fees** incurred up to the day before the transfer completion date or the date of loss of agency authority shall be deemed subject to commission settlement (i.e., the **Advertising Fees** incurred on and after the transfer completion date shall be deemed subject to commission settlement for the transferee **Partner**).

나. For Brand Search Ads and New Product Search Ads, the **Advertising Fees** subject to commission settlement shall be the sum, for each advertising agreement, of [the amount obtained by dividing the total **Advertising Fees** by the advertising run period to derive a daily arithmetic average, multiplied by the advertising run period (in days) in the settlement month]; provided that, for New Product Search Ads, if a cancellation fee is imposed due to the cancellation of the agreement before the advertisement is run, such cancellation fee shall not be included in the **Advertising Fees** subject to commission settlement.

3. Commission Settlement Procedures

가. **The Partner** shall submit to **NAVER**, within the month following the month subject to commission settlement, an invoice or other supporting documentation accepted by **NAVER** for the relevant commission, and **NAVER** shall compare it against the commission amount on the advertising platform and, if there is no discrepancy, pay the commission to the **Partner** within fifteen (15) days from the date of submission of the supporting documentation. If the amount stated in the supporting documentation does not match the commission amount on the advertising platform, **NAVER** may request the **Partner** to correct the supporting documentation, in which case the payment period shall be recalculated from the date of submission of the corrected supporting documentation.

나. If an **Advertiser** requests the **Partner** with which it has an advertising agency relationship to directly submit an invoice or other supporting documentation and claim the advertising fees from **NAVER**, and the **Partner** consents to the Advertiser's request, **NAVER** may comply with such request, and the **Partner** shall be jointly and severally liable for the Advertiser's obligation to pay the advertising fees.

다. If any miscalculation or error in the commission amount is discovered after payment of the commission, such amount shall be carried forward and reflected in a subsequent commission settlement through consultation between the **Partner** and **NAVER**.

라. The commission payable to the **Partner** shall be settled in Korean won (KRW); provided, however, that the commission payable to an overseas **Partner** may be converted into and paid in a specific currency other than Korean won by mutual agreement between the **Partner** and **NAVER**. The reference exchange rate applied in converting Korean won into such specific currency shall **be the exchange rate set on the advertising platform**.

마. After paying the commission to the **Partner**, **NAVER** shall not be involved in the allocation of the commission among multiple parties involved in the purchase of advertisements or other related activities.

3. Detailed Standards for Service Levels

3.1. Proper Use of Services

The following acts constitute abuse that adversely affects NAVER services and are prohibited, and any such act shall be deemed a failure to meet the Service Levels:

1) Arbitrarily deleting or altering, or changing the display position of, content of the Advertising Media or NAVER (meaning all content provided through NAVER, including screen layouts, search results, information, and advertisements; the same shall apply hereinafter).
2) Arbitrarily overlaying or replacing content provided by the Advertising Media or NAVER with other content (including advertisements).
3) Producing, selling, or displaying content other than that provided by the Advertising Media through pop-up or pop-under windows when the Advertising Media is loaded on a web browser, and any involvement of the Partner in such activities.
4) Displaying content other than that displayed by the Advertising Media or NAVER on the Advertising Media's websites or other properties without the express consent of the Advertising Media or NAVER.
5) Arbitrarily using search terms entered in the search box of the Advertising Media for purposes not permitted by the Advertising Media or NAVER.
6) Any act that deceives or misleads, or is likely to mislead, Advertisers or users regarding the entity that distributed, posted, or transmitted an advertisement, or the users' visit paths.
7) Delivering or distributing any program that enables other abusive acts.

3.2. Protection of Advertisers' Personal Information

3.2.1. Level of Protection of Advertising Platform Account Information

1) The Partner's managers and other personnel shall securely manage the Advertisers' account information.
2) Entering the personal details of the Partner's managers or other personnel, rather than those of the Advertiser,

in the Advertiser account information on the advertising platform is not permitted.

3) The Partner shall not, without the Advertiser's consent, use, modify, delete, or otherwise handle for any purpose other than account management any advertising information of the Advertiser that it obtains through the Advertiser's Advertising Materials or while providing advertising agency services, and shall not collect the Advertiser's IDs or passwords, which are key account credentials.
4) The Partner shall train, notify, manage, and supervise its managers and other personnel so that they do not arbitrarily change Advertiser information registered on the NAVER advertising platform.

3.2.2. Obligation to Protect Advertisers' Personal Information

1) The Partner shall strictly comply with matters relating to the protection of personal information under the "Act on Promotion of Information and Communications Network Utilization and Information Protection" and its subordinate statutes, the "Personal Information Protection Act" and its subordinate statutes, and other applicable laws.
2) Upon execution of the Partner Agreement, the Partner shall be obligated to protect personal information under the "Agreement on the Processing and Protection of Personal Information."
3) In addition, if any violation of the "Agreement on the Processing and Protection of Personal Information," the "Personal Information Protection Pledge," or the "Personal Information Destruction Confirmation" by the Partner's managers or other personnel is confirmed, such violation may constitute a factor for penalties against the Partner, such as non-renewal of the agreement, and if NAVER or any Advertiser suffers material damages as a result thereof, such violation shall constitute a ground for termination of the agreement.

3.3. Level of CS Management

1) In principle, CS matters raised by Advertisers shall be handled by the Partner at its own responsibility and cost.
2) The Partner shall handle Advertiser CS matters within two (2) Business Days from the date of receipt thereof from NAVER and respond to NAVER with the details of such handling. If the matter cannot be handled within the handling deadline, the Partner shall promptly inform NAVER of the reasons for the delay and the handling plan.
3) The Partner shall also be responsible for handling CS matters for Registered Agencies, and the specific handling procedures shall be governed by Section 3.5 "Registered Agency Policy," B. 3).
4) Through cumulative management of the Partner's CS status, NAVER may impose sanctions on the Partner in accordance with the service performance standards set forth in Section 2 of this SLA.

3.4. Transfer Policy

If the advertising agency relationship with an Advertiser is transferred or changed to another Partner (hereinafter referred to as a "Transfer"), a Transfer request may be submitted at any time, and the Transfer shall be completed immediately upon the Advertiser's approval. However, a Transfer request may be rejected in the following cases:

A. If a postpaid account has not been converted into a prepaid account; or
B. If the Advertiser does not consent to the Transfer.

3.5. Registered Agency Policy

As a rule, NAVER advertising requires the Partner to perform all services related to running the Advertiser's

advertisements itself, and the Partner is in principle prohibited from having a third-party advertising agency with no contractual relationship with NAVER perform such services.

However, a third-party advertising agency as provided below (hereinafter referred to as a “Registered Agency”) may perform services under a business relationship with the Partner only if it satisfies the eligibility requirements and has been registered in advance.

A. Eligibility Requirements for Registered Agencies

1) A corporate business entity whose business registration certificate permits advertising agency services
   ① Sole proprietors or freelancers without a business registration certificate may not be registered.
   ② Corporate business entities that have not registered advertising agency services as a business type on their business registration certificate may not be registered.
2) An overseas business entity holding a business license
3) An entity may not be registered as a Registered Agency in the following cases:
   ① If it has engaged in, or has a history of involvement in, unlawful sales practices toward Advertisers, such as impersonating portal operators, selling flat-rate advertising products, or charging excessive penalties upon termination;
   ② If its registration has previously been refused or revoked due to policy violations or for other reasons; or
   ③ If it is deemed that there is a substantial risk that information on NAVER’s advertising business, such as NAVER’s trade secrets, advertising operation policies, and know-how, may be leaked to competitors.
4) Documents to be prepared and mandatory contract provisions for agreements between the Partner and a Registered Agency

Documents to Be Prepared	Precautions and Mandatory Contents
1. Registered Agency Application Form	All mandatory fields in the Registered Agency Application Form shall be completed without omission.
2. Copy of Business Registration Certificate (Registered Agency)	A corporate business entity whose business types include advertising agency services or similar business types (For overseas business entities, a business license may be submitted instead.)
3. 5) In the following cases ① and ②, the relevant arrangement shall be deemed a simple business alliance of the Partner unrelated to NAVER advertising, and NAVER’s Registered Agency policy shall not apply; provided, however, that the Partner shall report such arrangement to NAVER in advance.

   ① Where the Partner transacts with an advertising agency (such as a full-service advertising agency or an outdoor advertising agency) solely for the purpose of a sales alliance for Advertisers, rather than for agency services for Advertisers relating to the running of NAVER advertisements.

② Where the Partner transacts with a business unrelated to advertising, such as a web agency, for purposes such as the supply of Advertiser databases.

B. **Partner's Management of Registered Agencies**

NAVER shall not be directly involved in any agreement or business dealings between the Partner and a Registered Agency, and any and all issues arising from the acts of a Registered Agency shall be deemed acts of the Partner that has a contractual relationship with such Registered Agency, and the Partner shall bear responsibility therefor.

1) Registered Agency's obligation to protect information

① The Partner may view, through the advertising platform, the advertising information of accounts held by its Registered Agencies. This is for the purpose of verifying the management activities of the Registered Agencies, and the Partner shall not use such information for any other purpose.

② If the Partner uses such information for any purpose other than management, penalties may be imposed in accordance with Section 4 of this SLA.

2) Obligation to verify and report on the management activities of Registered Agencies

① The Partner shall be obligated to manage its Registered Agencies to ensure their compliance with this SLA.

② If the Partner suspects any violation of this SLA by a Registered Agency, it shall be obligated to immediately take cautionary measures and report the matter to NAVER.

③ If the Partner's agreement with a Registered Agency terminates or any change occurs in the registration details of a Registered Agency, the Partner shall notify NAVER thereof in writing at least two (2) weeks in advance. If the Partner fails to give such notice, penalties may be imposed in accordance with Section 4 of this SLA.

3) Obligation to handle CS matters for Registered Agencies

① CS inquiries raised by a Registered Agency shall be submitted through the Partner.

(a) CS inquiries shall be submitted through the process of "Registered Agency > Partner > NAVER."

(b) The Partner shall handle CS inquiries on behalf of the Registered Agency through request submission or the Service Plaza.

② The Partner shall be obligated to handle CS matters of a Registered Agency within two (2) Business Days after receipt thereof.

C. Revocation of Registration of Registered Agencies

1) If a Registered Agency engages in any of the following acts (including acts performed as a Registered Agency of another Partner), NAVER may immediately revoke its registration; provided, however, that NAVER may defer such revocation for a period of up to two (2) months if requested by the Partner or if NAVER determines that deferral is necessary due to special circumstances.

① If a material SLA violation warranting a penalty of four (4) points or more is confirmed;

② If the Registered Agency has violated this SLA twice in total within twelve (12) months. In counting the number of violations, violations committed while performing services as a Registered Agency under agreements between NAVER and the Partner or other Partners that are in effect or have already terminated as of the time of counting shall be included;

③ If the Registered Agency entrusts all of its advertising management services to another company;

④ If complaints or reports that the Registered Agency is engaging in unlawful sales practices toward Advertisers, such as impersonating portal operators, selling flat-rate advertising products, or charging excessive penalties upon termination, are confirmed and constitute a violation of policy, or if an investigative authority has commenced an investigation; or

⑤ If the Registered Agency leaks information on NAVER's advertising business, such as NAVER's trade secrets, advertising operation policies, and know-how, to competitors.

2) A Registered Agency whose registration has been revoked (including revocation based on an agreement between NAVER and a Partner that has already terminated) may not be re-registered. In addition, the accounts under the Registered Agency shall revert to the Partner, and the Partner shall be responsible for agency services and communications with respect to such accounts.

4. Service Level Evaluation and Measures

4.1. Methods of Measuring Service Levels

The Service Levels for each category under Sections 2 and 3 of this SLA shall be measured through the following multi-channel monitoring system.

Category	
Monitoring	• Internal reviews by NAVER, interviews through outbound calls, technical analysis, and other methods
Reporting System	• Receipt of reports from Advertisers, Partners, and other institutions and individuals
Survey System	• Surveys conducted from time to time through Advertisers, Partners' managers, and others

4.2. Service Level Evaluation Procedures

1) NAVER shall establish a Service Level Committee (consisting of three (3) members, including the head of the organization) to review the Partner's status of service performance on a regular and ad hoc basis.

2) If any act deemed to be a failure to meet the Service Levels is confirmed, the Partner shall be given an opportunity to state its opinion and provide an explanation.

3) Depending on the degree of failure to meet the Service Levels, such failure may constitute a factor for imposing penalties, and if NAVER or any Advertiser suffers material damages as a result thereof, such failure may constitute a ground for non-renewal or termination of the Partner Agreement.

4.3. Grounds for Imposing Penalties

- If a violation of the Partner Agreement or this SLA is confirmed through investigation, reports, or other means

4.4. Method of Imposing Penalties and Validity Period

1) Method of imposition: Penalty points ranging from a maximum of five (5) points to a minimum of one (1) point shall be imposed for each category depending on the severity of the matter.
(Even if an act is not among those listed as examples under "2. Service Performance Standards" of this SLA, penalty points shall be imposed in accordance with the standards set forth under "Action upon Failure" for the relevant category with respect to any matter deemed to fall short of the specified Service Level

categories.)

2) Validity period: Penalties shall remain valid for twelve (12) months from the date of imposition and shall automatically expire thereafter; provided, however, that penalties shall be succeeded to in the event of a merger or acquisition or a business transfer involving the Partner.

4.5. Sanctions Based on Penalties

1) If the Partner's act is determined to constitute a ground for imposing penalties, the Partner shall submit a written explanation of the incident and measures to prevent recurrence.

2) When imposing sanctions on the Partner, NAVER may apply the following sanctions based on the valid penalty points accumulated by the relevant Partner:

Classification	Cumulative Points	Details of Measures
① Caution Required	3 points or more	Restriction on the registration of new Advertisers and on Transfers, and removal from the Partner listing page, for the following periods (the same measures shall also apply to Registered Agencies) (hereinafter referred to as the "New Registration Restriction"): (i) Upon the initial imposition of 3 points or more: fifteen (15) days. (ii) Upon the imposition of additional penalties thereafter, up to a cumulative total of 5 points: the period in (i) above plus ten (10) days for each additional point.
② Major Violation	5 points or more	Considered as a ground for non-renewal of the agreement
③ Material Violation	6 points or more	The agreement may be terminated by written notice without any separate demand.

3) If NAVER's legal liability may be at issue due to the Partner's violation of law, NAVER may withhold payment of the Partner's commission.

4) Separately from the foregoing measures, if a violation of this SLA causes material damages to NAVER or any Advertiser, NAVER may terminate the agreement by written notice without any separate demand.

4.6. Penalties and Sanctions for Invalid Clicks

1) Since invalid clicks are regarded as a serious matter in terms of the scale of harm caused to Advertisers, a separate sanction scheme shall apply to invalid clicks, unlike other penalty categories.

2) Invalid clicks shall be classified into minor violations and serious violations according to the number of persons involved and the amount incurred, and the following shall apply depending on the case.

3) As with other penalty points, the number of occurrences of invalid clicks shall be accumulated over twelve (12) months.
(e.g., in the case of a first occurrence on January 1, 2015, such record shall remain valid until December 31, 2015.)

5. Non-Renewal or Termination of the Partner Agreement

5.1. Grounds for Non-Renewal of the Agreement

In any of the following cases, NAVER may decline to renew the Partner Agreement with the Partner:

1) If the Partner fails to comply with NAVER's legitimate requests three (3) or more consecutive times (including repeated requests on the same matter);
2) If, taking into account the Partner's advertising management indicators (such as the number of billed Advertisers, the number of new Advertisers, and the scale of advertising operations) and management indicators (such as run history, policy compliance and penalties, the number of CS cases, and evaluations by operational staff) as a whole, the Partner cannot be regarded as properly performing its role as a Partner with the duty of care of a good manager, or the Partner is determined not to be faithfully performing the tasks being carried out by mutual agreement with NAVER;
3) If seventy percent (70%) or more of the commission paid to the Partner by NAVER during the term of the agreement has arisen, or is reasonably expected to arise, from the running of advertisements by the Partner's affiliates, such that the Partner is deemed unable to properly perform its role as a Partner;
4) If the Partner intentionally violates this SLA or engages in unfair trade practices;
5) If the Partner's illegal or unethical acts cause NAVER serious tangible or intangible losses;
6) If any event occurs that makes it substantially difficult for the Partner to continue as a going concern or to continue its business;
7) If the Partner's cumulative penalty points amount to five (5) or more;
8) If there are grounds for termination of the agreement due to invalid clicks under Section 4.6 of this SLA;
9) If the Partner's financial status shows total capital impairment for two (2) consecutive years;
10) If the Partner cannot be regarded as properly performing its role as a Partner due to deterioration of its financial condition, such as failure to pay commissions to Registered Agencies for reasons attributable to the Partner; or
11) If, due to other circumstances such as a substantial change in the Partner's basic organization or financial condition as mutually understood at the time of execution of the agreement, it is determined that the Partner will be unable to perform its role as a Partner properly.

5.2. Process for Termination Due to Non-Renewal or Other Reasons of the Agreement

1) Notification to the Partner of the timing of termination of the agreement
2) Notification, on at least two (2) occasions, of the termination of the agreement and other relevant details by email or text message (SMS) to the advertising accounts operated by the relevant Partner, within the period from at least four (4) weeks to one (1) week prior to the termination date of the agreement

※ Upon termination or non-renewal of the agreement, NAVER may notify Advertisers, prior to the termination date, that the agreement with the relevant Partner will terminate, in order to protect Advertisers by giving them time to choose whether to change their Partner.

[Appendix 3]

Fair Competition Agreement

NAVER and the Partner

hereby enter into this Agreement for the sound development of the advertising market through fair competition among market participants and for enhancing trust through the benefit and satisfaction of Advertisers.

NAVER and the Partner

jointly recognize that acts contrary to the Advertising Partner SLA not only undermine trust among market participants but also harm Partners seeking to conduct their agency business properly and deter talented professionals from entering the market, ultimately reducing the number of Advertisers seeking to run advertisements for genuine effectiveness.

Given that acts contrary to the SLA ultimately cause adverse effects such as the contraction of the advertising market,

the Parties hereby agree to refrain from the foregoing acts from the date of execution of this Agreement, for the protection of their mutual rights and interests and the development of the market.

[Appendix 4]

Agreement on the Processing and Protection of Personal Information (Provision to Third Parties)

2) The **Partner** shall faithfully **provide** the **Advertising Materials** to **NAVER** in accordance with **NAVER**'s Advertising Guidelines and the deadline for running the advertisements, and **NAVER** shall place the **Advertising Materials** on the **Advertising Media** in accordance with this Agreement; provided, however, that if **NAVER** produces and provides the **Advertising Materials** at the request of the **Partner**, the **Partner** shall review the appropriateness of the relevant **Advertising Materials** and notify **NAVER** in writing as to whether the **Advertising Materials** are to be placed, and **NAVER** shall place the **Advertising Materials** on the **Advertising Media** after receiving the **Partner**'s notice requesting placement of the **Advertising Materials**.
3) If the **Advertising Materials** or the **Advertiser**'s website accessed through the **Advertising Materials** contain any content related to the rights of any third party (including intellectual property rights, portrait rights, and personal information), the **Partner** represents and warrants that it has taken all measures necessary to register and use the relevant **Advertising Materials** in accordance with applicable laws and regulations, including obtaining prior consent or permission for use from the relevant right holders.
4) **NAVER** may use the **Advertising Materials** produced by NAVER directly or by a third party at NAVER's request within the scope of the purposes under this Agreement or for the purpose of promoting NAVER's advertising services. 1) The **Partner** represents and warrants to **NAVER** that it has obtained the prior agreement of the **Advertiser** regarding the execution and amendment of this Agreement.
2) The **Partner** represents and warrants that each individual application for and running of advertisements is consistent with the advertising content and advertising fees requested and agreed upon by the **Advertiser**, and shall execute individual advertising agreements and handle its work in a manner consistent therewith.

Article 4 **(Roles and Obligations of the Partner)**

1) **The Partner** shall, in the course of performing advertising agency services for its **Advertisers**, endeavor to recruit and attract **Advertisers** by introducing NAVER advertising to **Advertisers** and encouraging its use, and shall faithfully perform such activities with the duty of care of a good manager and in accordance with the principle of good faith.
2) If the **Partner** fails to comply with its obligations under this Agreement, including those under Articles 2 and 3 of this Agreement and the NOSP Use Agreement under Appendix 1, **NAVER** may reject the **Partner**'s applications for placement or suspend the placement of advertisements, and may restrict the use of **NOSP** as separately provided in the advertising operation policies.

3) After the placement end date of the **Non-Guaranteed Products**, **NAVER** shall calculate the **Actual Executed Advertising Fees** based on the ad delivery results.
4) If the **Actual Executed Advertising Fees** fall short of the advertising fees stated in the individual **Display Advertising Agreement** , the difference shall be the **Unexecuted Advertising Fees**; and
5) If the advertising fee payment terms for **Non-Guaranteed Products** are prepaid, the **Partner** may select one of the following options and request **NAVER** accordingly with respect to the handling of the **Unexecuted Advertising Fees**:
   (a) **Running** of **Additional Advertisements**: The **Partner** may request that additional advertisements equivalent to **[Unexecuted Advertising Fees x (1 + Service Rate)]** be run in the placement positions and periods desired by the **Partner**; provided, however, that depending on **NAVER**'s advertising run status, advertisements may not be run in certain placement positions or periods, in which case the **Unexecuted Advertising Fees** shall be handled in accordance with subparagraph (b) of this Paragraph.
   (b) **Cash Refund**: The **Partner** may request that an amount equivalent to the **Unexecuted Advertising Fees** be refunded in cash by the last day of the month following the month in which the placement end date falls.

7) **NAVER** shall notify the **Partner** of the details of the calculation of the **Actual Executed Advertising Fees** within five (5) days after the placement end date, and if the **Partner** disagrees with such calculation, it may file a written objection within three (3) days from the date of notification and shall consult with **NAVER**. If the **Partner** does not raise an objection within such period, it shall be deemed to have agreed to the details of the calculation.

Article 8 **(Suspension of Placement Due to Reasons Attributable to the Advertising Media)**

1) If the placement of the **Advertising Materials** becomes impossible, or a change in the placement position, size, or other attributes of the **Advertising Materials** becomes unavoidable, due to the ad display policies of the operator of the **Advertising Media**, **NAVER** may, after giving prior notice to the **Partner**, suspend the placement of the **Advertising Materials** or change the placement position, size, or other attributes of the **Advertising Materials**. If the **Partner** does not wish to change the placement position, size, or other attributes of the **Advertising Materials**, the **Partner** may request **NAVER** to suspend the placement of the relevant **Advertising Materials**.
2) If the placement of the **Advertising Materials** is suspended pursuant to Paragraph 1 of this Article, the following compensation terms shall apply:
   (a) In the case of agreements other than long-term agreements, **NAVER** may, through consultation with the **Partner**, select one of the following:
      A. **NAVER** shall pay the **Partner** the remaining advertising fees corresponding to the volume of advertisements not run due to the suspension of placement (hereinafter referred to as the **"Remaining Advertising Fees"**) in accordance with the following criteria; provided, however, that if such payment is due before the advertising fee payment date, the **Partner** may set off the **Remaining Advertising Fees** against the advertising fees payable to **NAVER**.
         i. **Remaining Advertising Fees** for **Period-Guaranteed Products**: **[{Final Unit Price x (Unexecuted Period / Guaranteed Placement Period)} / (1 + Service Rate)]**
         ii. **Remaining Advertising Fees** for **Impression-Guaranteed Products**: **[{(Final Unit Price/1,000) x (Guaranteed Impressions - Delivered Impressions)} / (1 + Service Rate)]**

B. Advertisements shall be run with substitute products equivalent to **[Remaining Advertising Fees x (1 + Service Rate)]**.

(b) In the case of long-term agreements, **NAVER** shall, through consultation with the **Partner**, run the volume of advertisements not run due to the suspension of placement within the long-term agreement period.

(c) Notwithstanding this Paragraph, in the case of **Non-Guaranteed Products**, **NAVER** may suspend the placement of the **Advertising Materials** for the reasons set forth in Paragraph 1 of this Article without bearing any compensation to the **Partner** under this Paragraph, including cancellation fees.

3) If there is a written agreement between **NAVER** and the **Partner**, **NAVER** may suspend the placement of the **Advertising Materials** or replace the **Advertising Materials** in accordance with the agreed terms; provided, however, that the **Advertising Materials** may be replaced no more than five (5) times during the advertising period of the relevant advertising campaign, and the **Partner** wishing to replace them shall submit a written request to **NAVER** at least one (1) Business Day prior to the desired replacement date.

Article 9 **(Suspension of Placement Due to Defects in Advertising Materials)**

1) If any claim is made that the **Advertising Materials** infringe the rights of any third party, including intellectual property rights, or violate any applicable laws, **NAVER** may, after consultation with the **Partner**, request modification of the relevant **Advertising Materials** or suspend the placement of the **Advertising Materials**.

2) Notwithstanding the preceding Paragraph, if any urgent circumstance, such as a security risk to **NAVER** or users of the **Advertising Media** (including persons who move to the **Advertiser**'s website through the **Advertising Materials**), arises due to the **Advertising Materials** requested by the **Partner** or the **Advertiser**'s website linked to the **Advertising Materials**, **NAVER** may immediately suspend the placement of the relevant **Advertising Materials** and shall notify the **Partner** thereof.

3) If the placement of advertisements under this Agreement is not duly performed due to defects in, or failures of, the **Advertising Materials** requested by the **Partner** or the **Advertiser**'s website linked to the **Advertising Materials**, **NAVER** may suspend the placement of the relevant **Advertising Materials** after giving prior notice to the **Partner**; provided, however, that the foregoing shall not apply if such defects or failures have arisen due to reasons attributable to **NAVER**.

4) When the grounds for suspension of placement under this Article cease to exist, the **Partner** may request NAVER to resume the placement of the relevant **Advertising Materials**.

5) In the event of suspension of placement pursuant to this Article, the **Partner** shall remain obligated to pay the advertising fees for the period of suspension and shall not request **NAVER** for compensation arising from such suspension.

Article 10 (Compensation for Service Failures and Period-Guaranteed Products)

1) If the placement of advertisements under this Agreement is not duly performed due to a service failure occurring at **NAVER** or the **Advertising Media**, or due to reasons attributable to **NAVER** or the **Advertising Media**, the following compensation terms shall apply:

(a) In the case of **Period-Guaranteed Products**, compensation shall apply where normal placement of advertisements is impossible due to a service failure of **NAVER** or the **Advertising Media**, and **NAVER** may, through consultation with the **Partner**, select one of the following:

A. Advertisements shall be run with substitute products (excluding **Period-Guaranteed Products**) in an amount equivalent to **[Final Unit Price x (Duration of Failure / Guaranteed Placement Time) x 1.2]**; provided, however, that the advertisements received as compensation shall be run within the Campaign period or within three (3) months from the date of receipt of the compensation.

B. An amount equivalent to **[Final Unit Price x (Duration of Failure / Guaranteed Placement Time) / (1 + Service Rate) x 1.2]** shall be paid to the **Partner**.

(b) In the case of **Impression-Guaranteed Products** and **Non-Guaranteed Products**, no separate compensation shall apply for service failures under this Article.

2) In addition to the reasons set forth in Paragraph 1 of this Article, if the placement of advertisements is suspended or not duly performed due to reasons attributable to the **Advertiser** or the **Partner**, due to natural disasters, war and conflict, power outages, distributed denial-of-service (DDoS) attacks, network failures of internet service providers (ISPs), or other force majeure events equivalent thereto beyond the control of **NAVER**, or due to a violation of the Advertising Guidelines under Article 5 of this Agreement, the **Partner** shall not claim damages against **NAVER**.

Article 11 **(Failure to Achieve Guaranteed Impressions for Impression-Guaranteed Products and Compensation)**

1) With respect to **Impression-Guaranteed Products**, **NAVER** guarantees only the achievement of the **Guaranteed Impressions** during the advertising campaign period and does not guarantee even delivery across periods (hourly/daily/weekly).
2) If the **Guaranteed Impressions** are not achieved, **NAVER** may compensate the **Partner** as follows:
   (a) Running advertisements with substitute products (excluding Period-Guaranteed Products) in an amount equivalent to (Final Unit Price/1,000) x shortfall (Guaranteed Impressions - Actual Number of Impressions) x 1.2;
   (b) Paying an amount equivalent to (Final Unit Price/1,000) x shortfall (Guaranteed Impressions - Actual Number of Impressions) / (1 + Service Rate) x 1.2;

3) In any of the following cases, **NAVER** shall not be liable for any failure to achieve the **Guaranteed Impressions**, and the **Partner** shall not request **NAVER** for compensation:
   (a) If **NAVER** does not receive the **Advertising Materials** by the deadline for running the advertisements, or **NAVER** is unable to produce the **Advertising Materials** requested by the **Partner**, due to modification of creatives resulting from non-compliance with the Advertising Guidelines, delay in the provision of creatives and materials, or other reasons;
   (b) If the advertising campaign has been temporarily suspended at the request of the **Partner**; or
   (c) If the failure is attributable to natural disasters, war and conflict, power outages, distributed denial-of-service (DDoS) attacks, network failures of internet service providers (ISPs), or other force majeure events equivalent thereto beyond the control of **NAVER**.

Article 12 **(Cancellation Fees)**

1) If, after the **Partner** makes an offer for an advertising product, the Partner cancels the offer or cancels all or part of the **Campaign**, or if the offer or all or part of the **Campaign** is canceled due to reasons attributable to the **Advertiser** or the **Partner**, **NAVER** shall calculate the cancellation fee in accordance with the criteria specified in the individual **Display Advertising Agreement** and charge it to the **Partner**; provided, however, that the foregoing shall not apply to **Non-Guaranteed Products**.
2) If the **Partner** cancels an offer or cancels all or part of the **Campaign** for any of the following reasons, **NAVER** may waive all or part of the cancellation fee:
   (a) Unavoidable accidents and disasters, such as natural disasters or the closure of the **Advertiser** 's business;
   (b) The entire campaign is suspended because the launch of the product or service is postponed beyond the advertising run date;

   (e) The cancellation is made at the request of, or due to reasons attributable to, the operator of the **Advertising Media**.

4) The **Partner** shall not claim a waiver of the cancellation fee from **NAVER** on the grounds of reasons attributable to the **Advertiser** or the **Partner** other than those set forth in the subparagraphs of Paragraph 2 of this Article.

Article 13 **(Interim Settlement)**

1) If the **Partner** wishes to suspend an advertising run in progress and reduce the Contract Amount, the **Service Rate** shall be changed and applied based on the interim settlement Contract Amount, regardless of what is stated in the **Display Advertising Agreement** (if the Service Rate differs by advertising product, it shall be applied separately for each product), and **NAVER** shall settle and charge the **Actual Executed Advertising Fees** on such basis.
2) The foregoing shall not apply to products for which the full Final Unit Price is charged upon cancellation after the scheduled start date and time of run under the individual **Display Advertising Agreement**, and products that have their own interim settlement policies shall be subject to such policies.

Article 14 **(Loss of the Benefit of Time)**

In any of the following cases, the **Partner** shall lose the benefit of time for all obligations owed to **NAVER** and shall immediately pay to **NAVER** all mounts that remain unpaid:

2) Either **NAVER** or the **Partner** may immediately terminate all or part of this Agreement by written notice without any separate demand upon the occurrence of any of the following events:
    가. If **NAVER** or the **Partner** is subject to revocation of its business license, provisional attachment, provisional disposition, or other compulsory execution by a third party, or if a petition for bankruptcy or rehabilitation is filed by or against it, or if any other material event affecting its business occurs, such as the adoption of a resolution for dissolution, such that the smooth performance of this Agreement is deemed impossible;
    나. If there is a risk to the credit of **NAVER** or the **Partner**, such as the dishonor of securities issued, endorsed, or guaranteed by it; or
    다. If there is any bribery, or any illegal or fraudulent act that interferes with the normal performance of contractual duties, during the performance of this Agreement.
3) If either Party to this Agreement engages in any act that damages the business reputation and credibility of the other Party by spreading false information, the other Party may demand that the Party that spread such false information correct it, and the Party receiving such demand shall immediately correct the false information so spread. Regardless of whether such false information has been corrected, the other Party whose business reputation and credibility have been damaged by the spreading of such false information may immediately terminate this Agreement by written notice.

Article 17 **(Indemnification)**

2) If any damages, such as the non-placement of advertisements, are incurred by the **Advertiser** due to reasons attributable to the **Partner**, the **Partner** shall bear all liability therefor; provided, however, that upon the request of the **Advertiser**, **NAVER** may, in accordance with its compensation standards, resolve such matter at its own cost and claim such costs from the **Partner**.
3) If **NAVER** becomes subject to any lawsuit, claim, objection, criminal prosecution, or other proceedings brought by any domestic or foreign third party or governmental authority in connection with the **Advertising Materials** requested by the **Partner**, the **Partner** shall defend **NAVER** therefrom and shall bear all costs arising therefrom (including attorneys' fees and damages).
4) If **NAVER** is unable to place the **Advertising Materials** due to natural disasters, war and conflict, power outages, distributed denial-of-service (DDoS) attacks, network failures of internet service providers (ISPs), or other force majeure events equivalent thereto, **NAVER** shall be released from any liability for damages incurred by the **Partner** as a result thereof.
5) **NAVER** shall not be liable for any errors or failures occurring only in limited environments, such as specific browsers or apps, on the **Advertising Materials** provided by the **Partner** or the **Advertiser**'s website linked to the **Advertising Materials**, and the **Partner** shall be responsible for checking such matters in advance.

The NAVER Partner and NAVER agree that general contractual compliance matters relating to the placement of display advertisements shall be governed by the NAVER Guaranteed Display Advertising Partner Agreement separately executed by the Parties, that this Agreement shall apply only to the use of NOSP and all transactions conducted through it, and that any matters not specified in this Agreement shall be governed by existing trade practices.

This Agreement is executed on the premise that the NAVER Partner meets NAVER's criteria for granting authority to use NOSP, and if the NAVER Partner fails to meet NAVER's criteria upon the termination of this Agreement, NAVER may suspend the use of all NOSP accounts of the NAVER Partner and may decline to execute a new agreement.

E. The NAVER Partner shall not engage in any abuse in using NOSP, such as attempting abnormal access through the use of external programs, and if any abusive act is detected, NAVER may impose sanctions on the NAVER Partner's use of NOSP and purchase of NAVER advertising products.
F. The NAVER Partner may use the information collected through ad tags included in the Advertising Materials by an Advertiser (including a person acting on behalf of the Advertiser) or an advertising agency only for the analysis of the advertising performance of the relevant Advertiser, and shall not reuse such information for any other purpose, such as divulging it to others or using it as comparative or supplementary material.

5. **Obligation to Comply with Advertising Operation Policies and Guides**

B. NAVER's advertising operation policies and the NOSP User Guide shall be posted on a page within NOSP. The posted policies and guides may be amended as necessary by NAVER, and any amendment shall be notified by email, pop-up, or other means, and the amended contents shall not apply retroactively. If the NAVER Partner does not agree to the amended advertising operation policies or NOSP User Guide, NAVER may restrict the NAVER Partner's use of NOSP and purchase of NAVER advertising products.
